Candidates must not write on this margin

Q

Examine the role impact of societal taboos on reproductive health in India. How do misinformation and cultural beliefs shape public attitudes? Suggest measures to promote reproductive health awareness. (15M)

Ans

About 27% of India's population comprises youth aged 15-29 years. Societal

taboos around reproductive health affect the youth the most which often lead to restricted access to healthcare, unsafe abortions, teenage pregnancies and mental health consequences.

Do not go into explanation, put facts and definitions in introduction only

Write full heading

Impact and Societal taboos On reproductive health

1. Maternal mortality rate - as of 2020

97 per 100000 live births which is mainly due to preference of traditional measures for child birth

Don't explain too much

2. Mensuration as impure - Considered that menstruation make girl impure which lead to lack of hygiene and conversation if any health issue

Use one liners to explain more in less words

Opposition of sex education - As people don't want to discuss the topic lead to lack of knowledge of good and bad about reproductive health.

Societal beliefs and taboos

Whatsapp and facebook universities

4. Digital misinformation by uneducated and unaware people about the mensuration, reproduction and healthcare.

Honor-based restrictions, and this lead to harmful practices

Give examples

## Effects of Taboos

Heading should be in accordance to the question only

1. Unsafe abortion in ~~unhygienic~~ unhygienic conditions and outside legally sanctioned facilities.

2. Sexually transmitted disease like HIV-AIDS

3. In Islam Child is the god's gift and in hinduism as their lead to more child birth and more population and marginalised women health

Effects

4. Infertility due to various diseases in both male and female example cervical cancer due to HPV virus in female

5. Misinformation lead to uninformed decisions about their reproductive health

Please write more factual and apt point

Underline important points

Fair presentation of points , however use the space well, don't leave it blank in between

Prohibition of crimes in society due to lack of education and awareness
